

Preliminary 2005-06 Meet Schedule Team Activities, and Planning Calendar

The coaching staff is working hard on both registration and plans for the upcoming season. The meet schedule below is an outline of our plans for the short course season. All dates are preliminary and are subject to change. The official ISI schedule will be prepared by Illinois Swimming, Inc in mid August. At that time the coaches will finalize our plans. We also plan to add novice, dual, and other exciting meets to meet the needs of all of team members.

The coaching staff understands that our swimmers are involved in many great activities throughout the school year. We are providing this outline of our meet schedule to assist you in organizing your schedules for the fall and winter.

If any changes are made to the meet schedule, we will post all information on the team website.

A meet sign-up sheet will be available in mid to late August, but please note that our first two meets are invitationals, which means the meet entry deadline will not be until about 1 week prior to those meets.
